Sponsorship involves monies given to our leagues which range from 6 teams to 24 teams. There are leagues that bowl anywhere from 14 weeks to 34 weeks. Some leagues will have 2 leagues (a fall league and then restart with a winter league). The larger the league and the longer they bowl the more exposure for your company. The monies are given to the league secretary to apply to the prize fund that will be given out at the end of the bowling season. Also, you may want to consider having a league of your own to represent your company.

Please contact Steve Mendek, Beverly Casper or Chris Hall with any questions concerning our league sponsorship.
